

Why Buy?

Flo-Tite / Max-Seal maintains a very LARGE inventory, ranging from 20-35 million.

Our phones are NOT answered by automated phone systems, only REAL people. Easy to read literature: with ALL vital information. Easy to understand price list; Your sales people can quote BOTH manual and automated valve packages quickly.

Full product catalogs - NO CHARGE!
Freight allowances for stock orders and large projects.

Inventory exchange program for stocking distributors.

Product model numbers that mean something and can be remembered! Engineered drawings are available for all valves at no extra charge.

NO rush order charges for same day shipments.

In addition to our standard products, we welcome the opportunity to design special valves to your unique applications. *Access to live on-line inventory anytime.*
